2. Make any 2 craft items from waste material.

## **IT**

### **1. Prepare an assignment in MS Word:**

Page 1) Use smart art option in MS Word to draw classification of Animal Kingdom.

Page 2) Create a newspaper like format with some sample text and make use of Landscape orientation, section breaks and page breaks, Text wrapping options, insert pictures and format the text as you see in newspaper.

Page 3) Explain the different views in MS Word and apply page border, page color, set margins, watermark and indentation option while writing.

Use header and footer on every page that contains page number, date, title etc.  
**Use different first page, odd page and even page headers.**

### **2. Prepare an assignment in MS Excel:**

- Create a spreadsheet, containing salary of employees. Highlight the salary with red color if it is greater than or equal to 20000 by using conditional

formatting. Also apply name to cells containing salary and use the name in formula to get total of salary. Also freeze the top row and first column.

- Create a spreadsheet, containing the names of ten cricket players. Enter the total runs scored and the number of balls faced by each player. Calculate the strike rate for each player. Also create the two Charts (Any type) on the basis of data ( you can take any data according to you).
